

Honor365® Announcing the 9/11 World Trade Center Exhibit via ‘Hero 1’ from The Netherlands to The United States of America

PROVO—Honor365®, a 501(c)3 nonprofit organization, in coordination with ‘Hero 1,’ a 53’ semi-truck trailer with HVMC Transportation LLC, Fallen Hero Network LLC, and The Honor Network (U.S. Honor Flag) are picking up a 9/11 replica model of the World Trade Center plaza from the Port of Galveston, Texas that arrived from The Netherlands on December 26, 2020 via the Freedom Vessel with American Roll-On Roll-Off Carrier (ARC).

A nationwide exhibit tour begins January 22, 2021 and runs through September 12, 2021 to commemorate the 20th Anniversary of 9/11. The 9/11 replica model was given to Honor365 on behalf of The United State of America by Daan Van Der Steijn, Creator, from Deurne, The Netherlands, and was made possible through donations, sponsorships, and the efforts of many dedicated volunteers. The tagline for the full exhibit, “Remembering the One®. Remembering Them All®.”

On January 22, 2021, join us at the Orem City Cemetery (1520 N 800 E, Orem, UT) at the Lest We Forget Memorial located on the cemetery grounds. The Honor Walk program will begin at 10am. The focus of the program and walk is to remember and honor the 9/11 fallen and local heroes of the State.

From January 22, 2021 through February 14, 2021, we invite the public to visit the 9/11 exhibit at the Provo Towne Centre, 1200 Towne Centre Blvd, Provo, UT, during mall hours. Provo Towne Centre is the first stop for the 9/11 Exhibit. The best entry to visit the exhibit is located at the main entrance where Red Robin is located.

Honor365’s mission is to provide resource and referral support to veterans, first responders, and their families. The vision: A world without suicide. Honor365’s pillars include education, employment, healthcare, and housing.

Honor365 proceeds from this nationwide tour are dedicated to supporting mental wellness for veterans, first responders, and their families. It is anticipated that the exhibit will help heal and unite the world in numerous ways.

“We understand first responder and veteran suicide is of great concern, and that the world has gone through so much recently,” said Dr. Ninzel Rasmuson, Founder of Honor365. “From firefighters, law enforcement, EMS, 911 dispatchers, veterans, and our troops, and many others who are on the front line of helping those in need, the stress from this line of work can take its toll. Honor365 will continue to support the wellness of those we serve by helping those who help us every day.”

We invite you to support the 9/11 Exhibit to follow our progress, make plans to visit the exhibit, and donate to this worthwhile cause by going to <https://honor365.org>, following Honor365 on Facebook (@honor365), and Instagram (@honorvet365).
